- Operation Alpha returns
- Get tatted while supporting HVAF
- Run for vets

Home Depot is at it again: The Foundation continues to bless HVAF with improvement projects for veterans' homes

The Home Depot Foundation has continuously helped us over the last 11 years. Some of the projects include redoing our conference room and transforming our old bunk room to a well-functioning pantry for our outreach hours on Tuesdays and Thursdays. Last week, the team came out to our Moreau Apartments and painted, reinstalled locks, mowed the lawn, laid down flooring, and other property beautification work.

"We have been blessed to have a relationship with Home Depot and The Home Depot Foundation since 2007," EVP Operations Ron Shelley said. "The monetary, product, and manpower donations are well over a million dollars. Matt Rice and his team are dedicated to helping veterans and I cannot thank them enough."
